Re: *Case No.: Re: Case No.: Case No.: 1:23-cv-05875-JGK*
Case No.: 1:23-cv-06881-JGK Sweigert v Goodman et al

July 29, 2024

Dear Judge Koeltl,

I write in response to your order (Dkt. 128) and to respectfully request a thirty-day extension of time to reply in support of the motion to dismiss. The original date to respond was tomorrow July 30, 2024. This is the first request for an extension of time. I am unable to determine if the plaintiff consents because I am unable to communicate with him via email. During the course of previous litigation, Mr. Sweigert included hidden malicious software in an email he sent me. The software tracked my activity without my knowledge. This malicious activity has caused me to block all incoming email from him. Since he initiated litigation against years ago, Mr. Sweigert has refused to communicate by telephone under any circumstance. For these reasons, I am unable to determine if he consents or objects. The best of my knowledge, this extension will have no effect on any other pending matters in this action.

Additionally, I pray the Court will admonish the Plaintiff to discontinue his unreasonable and harassing behavior during the time allotted to reply. Since Your Honor issued the order, Mr. Sweigert has filed two lengthy and frivolous supplements to his response, (Dkts 129 & 130).

Additionally, Mr. Sweigert has persisted in his ongoing harassment. I have previously referred to him as an obsessed psychopath, not as an insult, but because this is the only language I am aware of that appropriately describes his behavior. I am not a mental health professional, but my general understanding is that psychopathy is characterized by a lack of empathy for

fellow humans and a disregard for harm done to others. Likewise, my general understanding is that obsession is characterized by a compulsion to repeat unproductive or harmful behaviors without logical purpose. Mr. Sweigert's psychopathic obsession with continually disrupting every aspect of my life is a deeply disturbing, inappropriately time-consuming reality that I have been forced to confront for the past seven years and causes me to require additional time to reply.

As the Court is aware, in my sole occupation, I am a documentarian, a journalist and a podcast talk show host. Mr, Sweigert's psychotic obsession with me has focused its efforts on destroying my business, prevent me from earning a living and occupying as much of time as possible with frivolous legal process. Sweigert has no regard for the waste of judicial resources or the harm he causes his fellow citizens who might require the services of this Honorable Court.

Since Your Honor's most recent order, Mr. Sweigert has turned his attention to attempts at destroying a newly formed business relationship with Dr. Jason Dean. Dr. Dean is an osteopath who has invited me on his talk show to discuss various topics. The appearance helped to expand my audience and earn income. Mr. Sweigert immediately began harassing Dr. Dean and me, sending many letters to various medical boards and threats of filing baseless complaints.

I believe Mr. Sweigert's goal is to make it unattractive for Dr. Dean or any individual to associate with me and occupy my time with the drama he creates. As recently as today, Mr. Sweigert sent two additional letters to me via USPS, (**EXHIBIT A**). These are only two of literally dozens of harassing letters Sweigert has sent to me and members of my family and other business associates through the course of this litigation. I respectfully request 30 additional days with Court ordered non-molestation from Sweigert to reply as previously ordered.

Respectfully submitted,

Jason Goodman
